CORRESPONDENCE

e do not hold ourselves responsible for the opinions

THE NEW CRUSADE. "TO THE EDITOR OF THE "DAILY PRESS." sorrespondence columns of the China Mail re Mr. Keswick's Share Bill having expended itself. this paper (the China Mail) is apparently quite ready to lend itself to another cowardly attack on vested interests. In its last two issues a most uncalled for attempt has been made under the thin diagnise of "the interest of shareholders" to injure the prospects and the future of the Société Française des Charbonnages du Tonkin. The misstatements made, the bald assertions, and Vice-Admiral Sir Anthony Hoskins on board the intentionally misleading paragraphs are the flagship. really boneath contempt, but such a barefaced misstatement of facts should not be allowed to go uncorrected, for fear of its doing some harm outside of the colony, where the motives for running down the concern may not be so wel understood as they are here.

I notice the first effusion in the China Mai of the 7th was signed "Investor." Can this possibly be the same "Investor" who figured in Great Britain and Austria. the Share Bill controversy and who was so strong in his condemnation of depreciating the value of other people's property? If so, allow me to bring to his notice the good old saying that "consistency's a jewel." On the 7th "Investor" writes :- "How is

this coal can be burnt in certain (the italics are mine) steam launches, and yet fails so signally aware that in every launch in which the coal has been tried it has turned out a success? I have no doubt he does know this, but the opportunity of getting rid of an uncharitable imputation was too good to be resisted Captain E. M. Shaw, C.B., the Chief Officer by this highly moral censor. As regards the latter part of the sentence quoted above. "Investor" is either grossly ignorant of the re sults of the trials or he is deliberately trying to mislead the public. As a matter of fact the trials at all factories (bar the tramway) proved very successful; and the only two authorised

In last night's China Mail, a paragraph in an editorial reads thus :-- "The writer (" Investor" bas evidently taken some trouble to obtain inde-Of the performances given by the Willard pandent opinion and the result cannot be deemed favourable to the prospects of the Company The coal has, we believe, been tried by severs local firms—the Gas Co., Sugar Refineries, Tram way, &c.; also by most of the local steamers. Now what an unfair and wrong impression this may convey I need not point out. Let us hope it was not written with any such intention, but

it certainly looks "flehy." The correspondence and remarks which have so far appeared—(I. understand more are to follow in to-night's issue)—to those who can read between the lines are teeming with vindictiveness. To conclude I will ask you to favour me and fair play by publishing the enclosed report, which ! venture to think will go farther to refute "Investor's" misstatements than my trespassing

more on your valuable space. Yours faithfully, COGNOSCO. Hongkong, 9th July, 1891.

Hongkong, 17th December, 1890. I, the undersigned, at the request of Mr. A Morris, made a trial of Tonkin coal in one of would be adopted with regard to the Senapati,

ed for the establishment of plantations. It is of the sandy nature generally found along the coast

live, and although of little or no value either for

grazing or agriculture he considers that it

will afford a good opportunity for carrying

out the same policy which has been pur-sped with such marked success in France in

coanection with the planting of the Maritime pine (Pinus maritima) in that country on coast

land of a similar description. This pine, which

has received its name from the facility with which

it adapts itself to the class of soil and trying ex-

posure, incident slike to the sea coast in both

countries, has been planted by the million, with

the result that thousands of sores of but little

value have been covered by thriving plantations

most useful industry which constantly employs

numbers of the peasantry. As it has been proved

here in half the time it does in Europe, there

is no reason why the adoption of a similar course

of setion in this colony should not produce like

nertment may be enabled to extend its opera-

tions in this direction.

results, and the conservator hoped that the de-

revenue to the State, but also establishing a Oldest Malwa

by careful measurement that this pine develops | Banares (Old)
